ultrasoft

PRODUKTZUSAMMENSETZUNG

Absorptionskissen: FSC zertifizierte Zellulose (total chlorfrei gebleicht); **Superabsorber:** Polyacrylat; Aussenmaterial: atmungsaktives Laminat PE Film (aus nachwachsenden Ressourcen) mit Polyethylen/Polypropylen Vlies; **Verteilerlage:** Polyester/Polypropylen; Innenvlies: Polypropylen Vlies; **Auslaufschutz und Beinabschluss:** Polypropylen-Vlies und Polyurethan Elastfäden; **Klettband:** Polypropylen; **Klettverschluss:** PE Film / Polypropylen Vlies; **Frontohren:** Polypropylen/Polyethylene; **Klebstoffe; Beutel:** Green PE (>85% aus nachwachsenden Rohstoffen); **Kein Latex, keine Lotion, kein Parfüm.**

COMPOSITION

Corps absorbant: 100% cellulose certifiée FSC[®] et TCF (complètement blanchie sans chlore); **Superabsorbant:** Polyacrylate; **Voile extérieur:** Film PE respirant (à partir de ressources renouvelables) et voile en non tissé polyéthylène et polypropylène; **Voile distribution:** Polyester/Polypropylène; **Voile intérieur:** non tissé polypropylène; **Barrières antifuites:** non tissé polypropylène hydrophobe; **Elastiques:** Polyurethan; **Bande frontale:** non tissé fibres polypropylène et film polyéthylène, fixation Velcro; **Panneaux extensibles:** composé de polymères et non-tissé en fibres polypropylène; **Panneaux fixes:** Polypropylène/Polyéthylène; **Colles; Sachets:** Green PE (>85% à partir de ressources renouvelables); **Sans latex, sans lotions, sans parfums.**

COMPOSIZIONE

Cuscinetto assorbente: 100% Fibra cellulosa sbiancata totalmente senza cloro e certificato FSC; **Superassorbente:** Poliacrilato; **Rivestimento esterno:** laminato traspirante di Polietilene da risorse rinnovabili e tessuto non tessuto polipropilene; **Strato di acquisizione:** Poliestere / Polipropilene; **Rivestimento interno:** Tessuto non tessuto in Polipropilene; **Barriere e fasce elastiche sulle gambe:** tessuto Polipropilene e filo elastano (Poliurethan); **Tape:** strato in Polipropilene / tessuto non tessuto in Polipropilene; **Tape frontale:** strato in Polietilene / tessuto non tessuto in Polipropilene; **Ali frontali:** strato di Polipropilene / velcro di Polietilene; **Colla; Sacchetto:** Green PE (>85% da risorse rinnovabili); **senza lattice, lozioni e profumi.**

INGREDIENTS

Core: 100% cellulose fibers totally chlorine free bleached and FSC certified; **Super-absorber:** Polyacrylat; **Backsheet:** breathable film Green PE (from renewable sources) nonwoven Polypropylene; **Acquisition layer:** Polyester / Polypropylene; **Topsheet:** Nonwoven Polypropylene; **Cuffs:** Nonwoven Polypropylene hydrophob; **Elastics:** Yarn Polyurethane; **Tape:** Nonwoven Polypropylene / film Polyethylene; **Frontaltape:** Film Polyethylene/ textile Polypropylene Velcro; **Front ears:** Polypropylene / Polyethylene; **Adhesives; Bag:** Green PE (>85% from renewable sources); **No latex, no lotion, no perfume.**

COMPOSICIÓN

Núcleo: 100% fibras de celulosa totalmente blanqueadas sin cloro y con certificación FSC; **Superabsorbente:** Poliacrilato; **Capa exterior:** película transpirable de polipropileno no tejido PE (procedente de fuentes renovables); **Capa de adquisición:** Poliéster / Polipropileno; **Capa interior:** Polipropileno no tejido; **Barrera antifuga:** Polipropileno hidrofóbico no tejido; **Tiras elásticas:** Hilo de poliuretano; **Cinta:** Polipropileno no tejido / film Polietileno; **Banda frontal:** Film Polietileno / textil Polipropileno Velcro; **Alas delanteras:** Polipropileno / Polietileno; **Adhesivos; Bolsa:** PE verde (>85% de fuentes renovables); **Sin látex, sin loción, sin perfume.**

✓ Made with electric power from renewable sources
